Nomination Statement for Board 2026

IAN WYATT BSc FCA – Finance Director

I am a very experienced finance professional, finance director and Chartered Accountant. My working life has encompassed large and small businesses in many sectors and more recently I have become involved in small charities devoted to Africa.

Becoming part of the TTC family, complements my interest in the arts. I am most definitely not artistic or a performer but a dedicated consumer with a keen interest in drama and music.

As finance director, I look to support the Board and ensure an environment that allows TTC and the theatre to thrive. That said, the necessary duty is to ensure sound finance, a strong appropriate financial control environment, necessary compliance and clear risk management. Success here is when these duties can be taken as read.

I have enjoyed my early months as trustee and finance director and look forward to supporting TTC in this role.
